

# Stucco DVDs

## Colors That Last

The first in a series of videos produced by SMA includes:

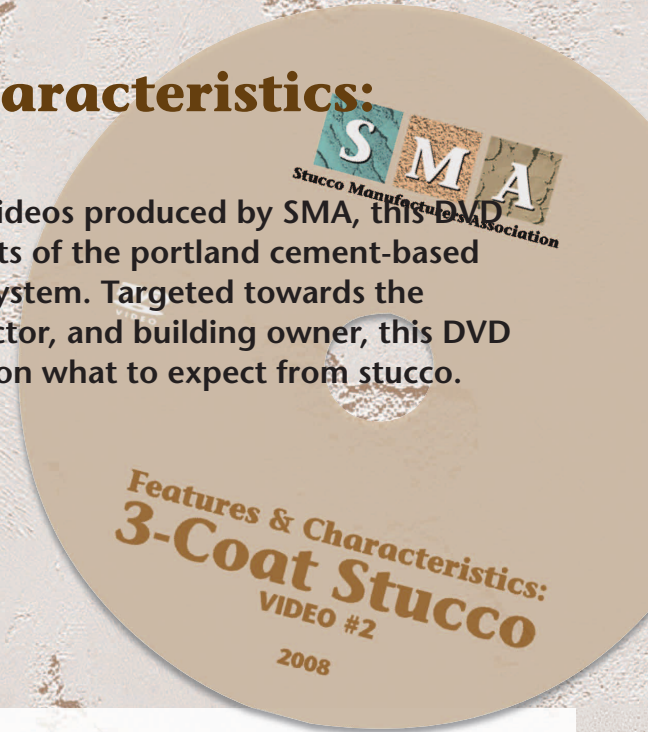

- the history of three-coat stucco
- specifier views of three-coat stucco
- correct installation method
- fog coating

## Features & Characteristics: 3-Coat Stucco

The second in a series of videos produced by SMA, this DVD focuses on technical aspects of the portland cement-based plaster exterior cladding system. Targeted towards the specifier, architect, contractor, and building owner, this DVD educates the professional on what to expect from stucco.

Topics include:

- Color Variation
- Proper Curing
- Textures
- Cracking
- Efflorescence
